Story #1:

As a user, I want to be able to add a new task to my list so I can keep track of what I need to do.

Acceptance Criteria:

- Include a "+" button in the app.

- Display a form with input fields for a title and a description.

- Display a new task card on form submit.

Story #2:

As a user, I want to be able to edit an existing task so I can update the information as needed.

Acceptance Criteria:

- Include an edit button on task cards.

- Display a form with pre-filled input fields for the title and description.

- Delete the selected task and add the edited task on form submit.

Story #3:

As a user, I want to be able to delete a task so I can remove items I no longer need.

Acceptance Criteria:

- Include a delete button on task cards.

- On click, the button should remove selected tasks.
